Minutes
Clubhouse Meeting
September 11, 2017

Present - Bob Beauregard, Debbie Puleo, Jack Staples and Barbara Vogel.

Absent – Linda Allen

Meeting was called to order at 3:55 PM

First on the agenda: Fire extinguisher maintenance. Several companies were called and many no responses. O’Connell Fire will be coming twice a year to inspect the extinguishers, fire alarm and range hood.

There are 5 rentals through the end of the year.

Seems to be a problem with missing supplies lately.

The landscape committee will not be upgrading the planting around the clubhouse until the spring.

St. Vincent de Paul Society will have the truck parked in the overflow lot for donations October 20, 21, and 22.

The committee will be discussing the Clubhouse budget and what the budget should be used for. Some are of the opinion that the budget is to keep the clubhouse stalked with paper goods and silverware. Others are of the opinion that the budget is for clubhouse maintenance, i.e. heating and cooling maintenance, fire inspections, cleaning supplies etc. Further discussion needs to be done and perhaps an amendment to the rules.

Meeting adjourned at 4:40 PM.

Respectfully submitted,

Debbie Puleo
