Minutes
Clubhouse Meeting
October 9, 2017

Present - Bob Beauregard, Debbie Puleo, Jack Staples, Barbara Vogel and Linda Allen.

Meeting was called to order at 4:00 PM

This year there will have been 18 rentals with 8 remaining through the end of the year.

Supply costs for the year have totaled $354.57. Supplies have been missing so we discussed purchasing a lock for the cabinet in the men’s room. All agreed it seems a good idea.

Discussion was held regarding the raising of the rental fee. It was decided that it should remain at $50.00 as it could be a hardship for some if the fee were raised.

O’Connor Fire came to check the extinguishers and vent system. It was recommended that new extinguishers were needed and subsequently purchased. O’Connor will be returning October 12th for alarm testing.

Discussion was held regarding the difference between a monthly social and a community event which has a “cover charge” to attend. The “How To Host A Monthly Social” printed June 2016 noted by Clubhouse and Women’s Club should remain without any changes. Discussion around a NEW Clubhouse policy for Community events, which requires a fee to attend, was heated at times but agreed that a policy should be constructed, discussed, voted by committee members and presented to the Board of Trustees for approval. Such document should mention that the fee for attendance is for purchasing (by the chairpersons of the event) any and all supplies needed for said event, e.g. Pancake Breakfast, Cookout, Christmas Party, etc. Once event is over, all proceeds are to be turned over to the clubhouse committee for bank deposit.

St. Vincent de Paul Society trailer will be in the overflow lot October 20, 21 and 22, 2017.

Meeting adjourned at 4:35 PM.

Respectfully submitted,

Debbie Puleo
